No response: 14

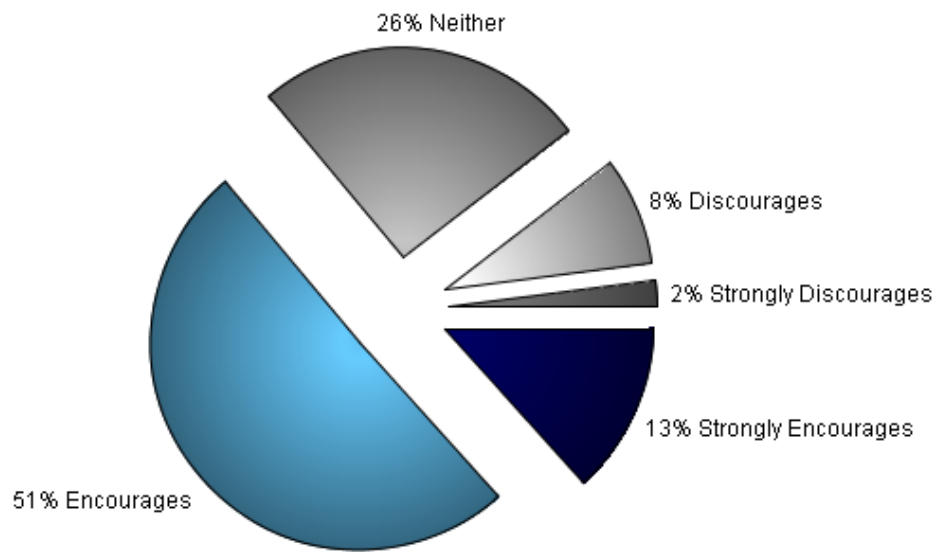

Note:

--Factors are listed from most to least influential for the 'Child does not walk/bike to school' group.

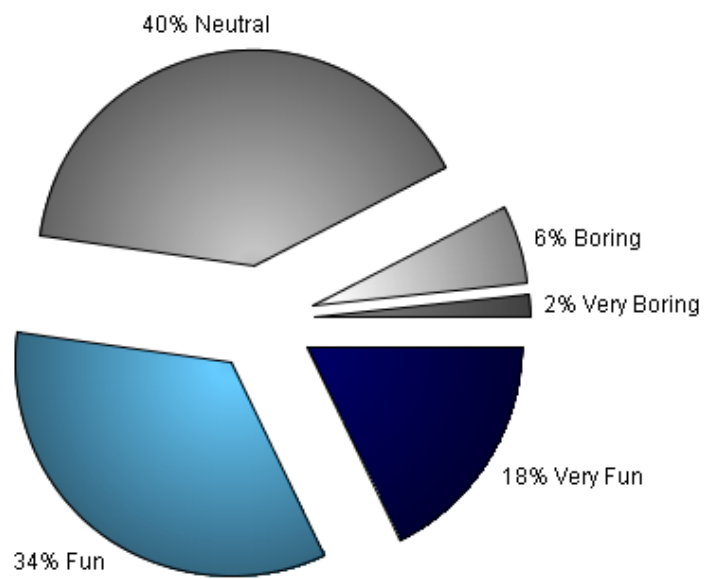

--Each column may sum to > 100% because respondent could select more than issue

--The calculation used to determine the percentage for each issue is based on the 'Number of Respondents per Category' within the respective columns (Child does not walk/bike to school and Child walks/bikes to school.) If comparing percentages between the two columns, please pay particular attention to each column's number of respondents because the two numbers can differ dramatically.

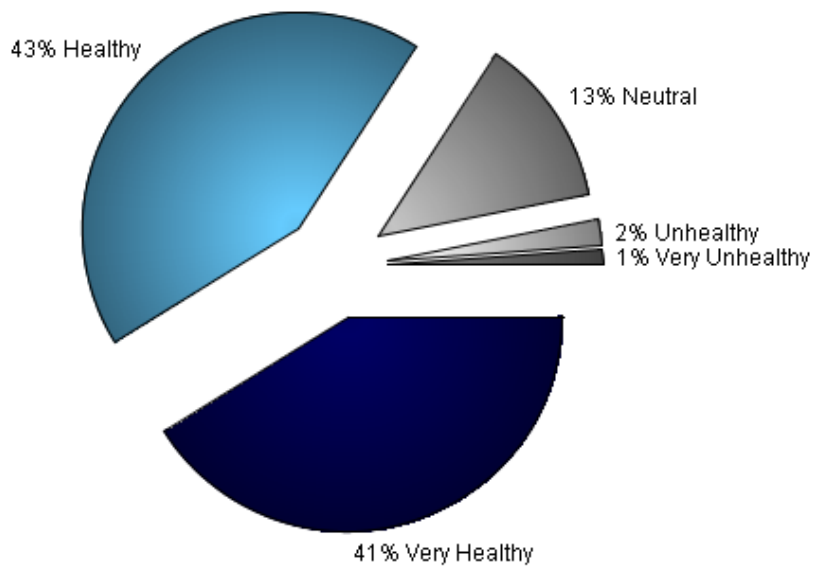

Parents' opinions about how much their child's school encourages or discourages walking and biking to/from school

Parents' opinions about how much fun walking and biking to/from school is for their child

Parents' opinions about how healthy walking and biking to/from school is for their child

Comments Section

SurveyID	Comment
617029	Like Garfield - keep up the great job
617136	Too far away
617203	My child had never walked or biked to/from school due to the distance from home
617041	Student is on the autism spectrum. I would not be comfortable with him walking or biking to school
617108	Walking or biking is a green way to travel with. I prefer walking than biking because biking is more dangerous than walking
617126	There are just too many crazy people on the streets of San Francisco to feel okay with my son walking alone.
617151	Garfield has too steep and hill and too congested an area of traffic
617164	Cutting the bus transportation system to and from Garfield is majorly impacting the variety of students at Garfield - non-Asian kids that attend Garfield are riding the school bus. Where are our taxes going to?
617501	Walking to school is very useful for parent and children's relationship
617581	Children riding bikes to school is extremely dangerous
617116	I don't want my child getting kidnapped, bullied, mugged, hit by a car, etc and we live very far from my child's school.
