624005	I find these questions interesting but I think my daughter is too young right now, and should be accompanied.
624101	I would like to see more vigilance on 16th St between Mission and Capp when I bring my daughter school, because the drivers don't respect the pedestrians or the crossguard and it's really dangerous.
624106	I wish that the street where our school is were more safe.
624123	Love the new bike lane on 17th.
624134	We are bike coalition members and LOVE it!
624057	Apart from the speed of transit, unfortunately there are also problems in the streets. On the walk from our house to school we encounter drug addiction, violence and sometimes even more than this on the streets of our city.
624091	I would like it if drivers would respect bicyclists more, because sometimes cars go very fast near the school.
624114	It's more convenient to walk with an adult than to ride bikes; it's safer to walk.
624120	I wish the streets were safer, then I would let my son walk to school alone with a friend.
624133	Other transport = Citi Car Share
624158	Sections 10 and 11 are confusing and contradicting. Need to revise questions or layout of form.
624042	My daughter is in kindergarten. I'm always going to make time to take her to school no matter her age, to protect her from whatever might happen in the street.
624063	It is not safe for my son or daughter to walk to school alone because there's alot of violence and people who can't be trusted.
624003	More police in the area. Speed bumps to prevent cars from going so fast.
